***Abstract:** This paper presents several important literary and ideological contributions of some Romanian writers in „Graiul Neamului” Review, as a sign of their fight for human rights and for rebuilding a proper Romanian identity through the activity of the Cultural Association „ASTRA”. This Romanian old review coming from the Northern part of Romania is a strong cultural and literary document of the national cultural destiny and a symbol of many activities in order to preserve and improve the national unity in a very complicated historical epoch.*
